MEMORANDUM FOR: Director of Training

THROUGH : Deputy Director for Science and Technology

FROM : R. M. Huffstutler  
Director, National Photographic Interpretation CenterSUBJECT : Request for Full-Time Undergraduate Training in International  
Studies for [REDACTED]

1. I recommend that [REDACTED] attend George Mason University for undergraduate training on a full-time basis for a period of one year between August 1987 and July 1988. [REDACTED] is currently enrolled in the Northern Virginia Community College and would like to continue undergraduate work in International Studies at George Mason University. George Mason University will provide a more challenging study program to continue [REDACTED] development in areas which are crucial to interpretation and analysis at the National Photographic Interpretation Center. This training will broaden [REDACTED] view of worldwide economic and political influences which often dictate military and social policies of the Soviet Union and other countries whose actions have an impact on U.S. foreign policy or national interests.

2. [REDACTED] has been an Imagery Analyst in the National Photographic Interpretation Center since 1982. Upon completion of her training, she will return to NPIC for assignment within the Imagery Exploitation Group. Her 12-year tenure within the DS&T testifies to her high level of commitment to the Agency in the field of intelligence. Her continued education will allow for increased analytical and leadership contributions to the benefit of NPIC and the CIA in future assignments.

3. Funds will be available for this program and have been included in the FY-87 and FY-88 budget.
